ENTHUSIAST

Since 1999,
LAPIS LUNA
("Rare Blue Moon")
has been making
world-class wines
from some of the
finest and lesser
known California
vineyards.

LABEL ARTWORK

Originated with 400 year old
copperplate engravings from
the early 1600's published by
the poet Herman Hugo.
Meneer Hugo was born in
Brussels, Belgium. In 1624 he
published the popular book
"Pia Desideria" (Loving
Desires) containing
engravings and emblems of
love. Each Lapis Luna label
shows a faceless hero
reaching for the moon.
